This afternoon the group went to Harrisburg for a tour of the capitol and will dine this evening at the Molly Pitcher Hotel in Carlisle. About 300 are in attendance at the Chambersburg sessions.

GENERAL PAUL NAMED BY IKE TO STUDY GROUP

Gen. Willard S. Paul, president of Gettysburg College, was named Monday by President Eisenhower to a five-man committee to develop plans for a "career executive program" among the highest ranking civil servants.

Arthur S. Fleming, president of Ohio Wesleyan University and former director of Defense Mobilization, was named chairman of the group.

Other members are: Frederick J. Lawton, Civil Service commissioner and former budget director under President Harry S. Truman.

Carter L. Burgess, president of Trans World Airways and former assistant secretary of Defense for Manpower and Personnel.

Ramspeck Named

Robert Ramspeck, vice president of Eastern Air Lines, former chairman of the Civil Service Commission and a former member of the House of Representatives from Georgia.

The committee was established by executive order in conformity with a recommendation by the Commission on Organization of the Executive Branch of the Government. The commission is headed by the former President Herbert Hoover.

President Eisenhower asked for a report by Nov. 1 as to what may be done under existing law and what new legislation should be asked to make civil service careers more attractive to the top grades of federal workers. The initial program will be limited to those receiving at least \$12,900.

To Prepare Recommendations

The President directed the committee to prepare its recommendations "in accordance with sound merit-system principles," including the following:

All selections and promotions should be on a merit basis and no political test or qualification shall be required or given consideration.

High qualitative standards should be applied for selection, and promotion requiring appropriate training and experience in the field or departmental service and in staff or operating positions.

Only career civil servants should be eligible for participation.

Selection into the career executive program should be from among employees who have experience of an administrative or managerial nature, rather than those having highly specialized backgrounds whose work has not regularly required the application of either administrative experience or knowledge.

FBI Agents Find \$15,000 Of Red Spy's Fund; Seek More

NEW YORK (AP)—FBI agents have found \$15,000 cashed in a Manhattan bank by accused Soviet spy Rudolf Abel. They are reportedly hunting for much more.

Newspaper reports said Abel, a 55-year-old colonel in the Soviet secret police, may have had anywhere from \$50,000 to a million dollars expense money buried in Manhattan, Brooklyn, New Hyde Park, N.Y., Poughkeepsie, N.Y., and Quincy, Mass.

Abel had \$6,000 on him when arrested last June as an illegal alien. Another \$15,000 was found in a safe deposit box in a Manhattan bank. The box was rented under the name of Alan Winston.

The new find was disclosed yesterday. There was speculation that the government might put a tax lien on the money. This would call on Abel to prove that it was not earned income and thus provide a clue as to its source.

The next meeting of the society will be held September 10 at the National Museum.

MUSSELMAN'S BEGIN EARLY TOMATO WORK

Early season tomato operations on a part time basis are under way at The C. H. Musselman Company's Biglerville plant. Full scale operations will be in effect later this month.

The plant, which normally operates until early October, is equipped for the mass production of tomato juice and tomato puree in a variety of can sizes. Acreage planted under agreement between growers and the Musselman Company is normal despite the fact that USDA lists Pennsylvania acreage as nine per cent under 1956 and 14 per cent lower for the entire United States.

Prices Are Announced

Prices announced for Musselman growers in Adams and York Counties are: \$36 per ton for U.S. No. 1; \$24 per ton for U.S. No. 2. Tomatoes are being purchased under Federal-State Inspection with prices subject to change.

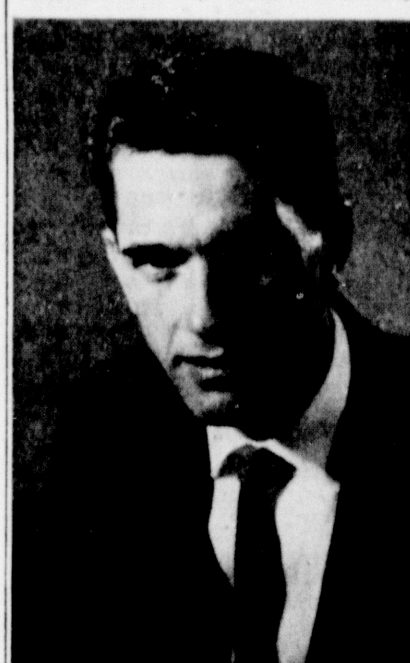

A pre-season crop summary by Musselman fieldmen indicates a substantial decrease in yields as a result of limited rainfall in the area. Prospects from this point on are limited by the fact that tomatoes produced are endangered by early October frosts. An abundance of sunshine has resulted in good, red color superior to last year when sufficient color was lacking in most areas.

Carryover Is Small

On the national scene, concern over an unprecedented carryover of tomato products predicted early in the year has virtually disappeared (Continued On Page 2)

GLENN E. SMITH IS ARRESTED ON PROWLING COUNT

Borough police received the eleventh report of a prowler this morning after arresting another man Tuesday afternoon, alleged to have been prowling and loitering. Mrs. Helen Beacom, 131 S. Washington St., reported to police this morning at five minutes past midnight that she had seen a prowler.

Mrs. Beacom told a Times reporter that she was ready to go to bed when her daughter called that she heard rocks falling. Mrs. Beacom said she was about to tell her daughter to go to sleep and stop imagining things when she looked out and saw the door of the shop where her father works standing ajar.

She said she saw a man enter and leave the shop twice after which she called police. Police were unable to locate the prowler. Mrs. Beacom said there were footprints "by the grape vine this morning, the hedge was broken down and bits of old plants scattered about. But I have no idea where they came from."

Second Prowler

She said police told her that they had arrested a man Tuesday afternoon for prowling and loitering. Mrs. Beacom said she knew the man they had arrested but the prowler she saw was "shorter and more stocky."

Tuesday afternoon at 3:10 o'clock police arrested Glenn E. Smith, 129 W. High St., who is in the Adams County Jail on default of \$2,000 bail following a hearing before Justice of the Peace Robert P. Snyder at which Smith pleaded guilty to the charge of prowling and loitering.

Police said that Jo Ann Murray, 133 W. Middle St., identified Smith as a prowler she had seen at 3 a.m. August 4, and that Don Miller, S. Washington St., is said to have identified Smith

SOVIET BOSSES SATISFIED WITH GERMAN VISIT

BERLIN (AP) — Soviet Communist party boss Nikita Khrushchev left East Berlin today saying he was "very satisfied" with his tour of Communist East Germany.

Khrushchev told a sleepy-looking crowd at East Berlin's railway station that his one-week visit would bind the German satellite nation ever more closely to Russia "in friendship."

"All members of the Soviet party and government delegation have been very satisfied with the visit," he said.

Took Special Train
Khrushchev, accompanied by Deputy Premier A. I. Mikoyan and Foreign Minister Andrei Gromyko, took a special train to nearby Schoenfeld Airport.

Khrushchev, who was up late last night at a farewell reception in the Russian Embassy, looked tired and sour at the railway station sendoff.

The Russian leader broke into broad smiles, however, when Walter Ulbricht, chief of the East German Communist party, spoke about the only dispute known to have come up between the Russians and the East German regime.

Grow Better Corn
"We promise to follow your advice and grow corn better from now on," said Ulbricht with a smile.

Khrushchev, a self-styled corn-raising expert who got into arguments with German farm specialists on the quality of their crops, cut in on Ulbricht: "That means more meat, more bacon and more butter."

In his final major speech of the tour, Khrushchev told some 200,000 Germans in East Berlin's Little Red Square last night that Russia would keep trying for a disarmament agreement.

REDS WIN IN BRITISH GUIANA

GEORGETOWN, British Guiana (AP)—Communist Dr. Cheddi Jagan and his People's Progressive party appeared today to have captured a majority of the 14 Legislative Council seats at stake in British Guiana's general elections.

Jagan's Chicago-born wife Janet won the western Essequibo River district, trimming the nearest of her two Democratic opponents by more than 2,000 votes.

This chalked up seven seats for Jagan's party. The eighth, which would give him a solid majority, seemed assured in the Essequibo River area, where a Jaganite was running far ahead of three opponents.

Even though Jagan, of East Indian origin, should win the election, British Gov. Sir Patrick Renshaw has authority to block Communist control by appointing enough men to the colony's Legislature to offset the Jaganite majority. Guiana, on the north coast of South America, is Britain's only colony on that continent.

Anti-Communist Negro lawyer Linden Forbes Burnham's forces have won only Georgetown's three seats. One seat has been captured by the United Democratic party. Two other districts have yet to report.

MUSSELMAN'S

(Continued From Page 1)
since the drought along the eastern seaboard has taken on disaster proportions. Short yields expected in the Ohio Valley are due, on the other hand, to excessive rains.

With much of the eastern tomato acreage wiped out by the drought, demand for tomatoes from the York-Adams area is expected to be even greater than usual. Musselman fieldmen are reminding their growers that local canners offer a steady market through the years and throughout an entire season. Local growers, under Musselman agreements, operate under an additional advantage of having their crops partially financed to harvest time.

Today's Talk

THE HARMONY OF NATURE

Nature is the mother of us all. She spreads her wings about us as a hen covers her eggs, and later her brood of chicks. Her world is one of peace and harmony. She is the proprietor of the greatest laboratory in the world. Her earth holds substances that no man-established store has even hinted at having. Bury any kind of seed in her earth and the elements needed for its fruition will immediately respond.

Trees and flowers are friends and neighbors to each other. They go to make up the eternal harmony that we discover in nature. Everything is perfectly balanced. How much we could learn from nature if we would! It issues a permanent invitation to all. Nature's inhabitants are workers, and thrifty. None are on relief. Work is their life and being. Wars, or threats of war, make no difference. The birds sing the same, and with the same gusto as though no guns were heard around the world. They are nature's equalizers. I feed these birds and each day they become more friendly. As I watch the many varieties about my island, I wonder how they happened to come here, and I am sure they enjoy it for they all seem so friendly. More so each day.

The mother of us all is the Good Earth. She has in her storehouse an abundant amount of stores, ever ready to serve all mankind. And, without fuss or fury, she gives out her substance lavishly. She wants no disputes or law suits over her God-given supplies and reserves. She wants harmony, even in her office of distributor to all.

Sex in nature is unnoticeable, though it is there and is responsible for the mighty trees and all other foliage. Her abundance invites co-operation and harmony. Nothing that she has been mother to is for selfish spoliation.

Tomorrow Mr. Adams will talk on the subject: "The Positive Life"

Just Folks

Wish I hadn't made a scene;
Wish I hadn't slammed the door;
Wish I hadn't been so mean;
Ought to smile a little more.
And I think if smile I would,
I am certain that I could.

Know my temper I should hold,
Still I let it get away;
For a fellow getting old
"Can't" is a foolish thing to say.
When I'm what I shouldn't be
People only laugh at me.

Into tantrums children go,
Wildly scream and stamp their feet;
Better, grownups ought to know;
No one wild men wants to meet.
Foolish seem, beyond a doubt,
The excuses I pass out.

combat Infantry Badge, the Bronze Star and two battlefield promotions as an enlisted man.

Colonel Greene, Lt. Col. Harry J. Ulrich, commander of the 1st Battalion of the 313th Infantry Regiment, and Major Edward Glassmyer Jr., plans and training officer of the 313th, were present Tuesday night for the assumption of command by Lt. Black. Col. Greene praised Lt. Aumen's work and described Lt. Black as the "finest young officer in the regiment for the best company in the similar commands."

Served In Korea

Lt. Black said he "was hot on the air force" when he was a teenager but his brother, a company commander in an Infantry Reserve unit, persuaded him to enlist in the Reserve which he did on his 18th birthday. He first served with G Company of the 315th Infantry Regiment.

In August 1949 Black enlisted for active duty with the Army, taking basic and leadership training at Ft. Dix, N. J. Later he attended paratrooper and ranger school at Ft. Benning, Ga.

Black served in Korea with the 8th Ranger Company and the 187th Airborne, attaining the rank of sergeant. After being discharged from active duty he re-enlisted in the Army Reserve, serving with a heavy mortar company of the 313th.

On October 28, 1954, Black received his commission by direct appointment. In May 1955 he left the heavy mortar company to become executive officer of C Company of the 313th where he served until being assigned to A Company.

"LOOK OF TENDERNESS"

She has the look of tenderness... and I am here to tell... that everyone she looks upon... is captured in her spell... warm as the blushing roses... her eyes outshine the stars... and when she speaks I strangely hear... the strum of soft guitars... that wonderful enchantment... such from her sweet smile beams... I used to think was only found... by drifting deep in dreams... but now I know dreams can come true... for as she looks at me... I'm lifted on the clouds of joy... to untold ecstasy... perhaps I write in riddles... and yet I must confess... nothing in this world compares... with her look of tenderness.

Braves Stretch Record To Eight By Crushing Redlegs; Yanks Win As Mantle Closes On Williams

By ED WILKS
The Associated Press

What Milwaukee's Braves are doing to that National League pennant race may be the biggest bustup since Cleo mixed Caesar.

In 10 days, they've rolled up eight straight victories — all against contenders — and have surged from half a game behind to 6½ games ahead.

Starting with the game that put them in front, the Braves have been 7-0, while the combined record of the other contenders (St. Louis, Brooklyn, Cincinnati and Philadelphia) has been 7-11 — a "natural" for Milwaukee.

The Braves played with it last night, again putting the whammy on fourth-place Cincinnati for a 12-4 romp. Lew Burdette won his 11th with an eight-hitter and two home runs, his first in eight major league seasons.

Beat St. Louis

Chicago's Cubs handed second-place St. Louis a seventh successive defeat, 6-2; and the New York Giants knocked off third-place Brooklyn 4-2 while Pittsburgh clipped fifth-place Philadelphia 6-0 on Bob Friend's two-hit pitching.

In the American League, first-place New York remained 5½ ahead, beating Boston 3-2 while Chicago's second-place White Sox rapped Cleveland 10-5 for Billy Pierce's 16th victory. But in what may be the AL's only real race, Mickey Mantle was 3-for-3, drove in all the Yankee runs, hit his 32nd home run, and climbed within four points of Boston's Ted Williams, who added a point to his leading bat average with 1-for-2 for 388.

A's Out Of Cellar

Baltimore defeated Washington 6-3 and took fourth place from Detroit as the Tigers defeated Kansas City 3-1, then lost 3-2 in 14 innings in a day-night double-header that hoisted the A's out of the cellar and plunked Washington.

Burdette drove in four runs with his two clouts, both off starter Joe Nuxhall. The first halved a 2-0 Redleg lead in the third, and the second junked a 4-4 tie, coming with two men on base in the sixth. Red Schoendienst, who followed Burdette's second homer with a solo home run off reliever Hersh Freeman in the sixth, drove in three runs and had three hits along with Andy Pafko in the Braves' 16th barrage.

The Cards were shut out on five hits until the ninth by Bob Rush. The veteran right-hander, giving way after Joe Cunningham's two-run pinch double, also drove in a run and doubled twice as the Cubs handed Herm Wehmeier a sixth defeat. Ernie Banks hit his 24th home run.

Gomez Taps

Ruben Gomez four-hit the Dodgers for his 13th victory and 14th complete game, tops in the majors, blanking the Brooks without a hit while facing the 1-man minimum over the last six frames. Don Mueller and Willie Mays each drove in two runs for the sixth place Giants. Ed Roebuck lost it in relief of Sal Maglie.

Friend, a 26-year-old right-hander, gained his third two-hitter in the majors and an 8-15 record while giving up singles to rookie Harry Anderson and veteran Gary Hamner. Bill Mazeroski drove in four runs with a homer and double off Joser Warren Hacker.

Mantle Leads RBIs

Mantle's home run came with a man on to overhaul a 2-1 Boston lead in the seventh against Franz Sullivan. The Mick also took over the league RBI lead. Tom Sturdivant won his 10th, first ever against the Red Sox, although giving up a homer to Sammy White and walking in the other run. Bob Shantz relieved in the ninth.

Pierce, who has lost eight, had a two-hit shutout until the Tribe scored their five in the seventh. All the Sox runs came on homers — two by Jim Rivera, good for five runs, and two-run shots by Sherm Lollar and pinch hitter Walt Dropo. Ray Narjeski lost it.

Billy Gardner hit two home runs with his second beating reliever Joe Black for the Orioles. Connie Johnson won his 10th.

Al Kaline hit three home runs for the Tigers, two in the opener as Paul Foytack won his 13th. A pinch single by Hector Lopez won the second game. Al Skizas hit a homer in each game for the A's.

DAMASCUS (AP)—Soviet Ambassador Sergei Nemchinov affirmed Tuesday Russian "preparedness to stand by Syria's side in the face of all foreign imperialistic intrigues."

Damascus radio said the Soviet envoy made the statement when he met with Premier Sabri Assali to inquire about Syrian charges of a U. S. conspiracy against Syria's present pro-Soviet regime. The two also discussed "matters of interest to both Syria and the Soviet Union."

Eight of the 12 varsity coaches whose teams competed in the Intercollegiate Rowing Regatta this year were graduated from the University of Washington.

Mexican Makes U. S. Boxing Debut Tonight

SYRACUSE, N.Y. (AP)—Victor Manuel Quijano, 23, Mexico's featherweight champion who is looking for new worlds to conquer, makes his U.S. debut tonight as a 9-5 underdog to high riding Davey Moore of Springfield, Ohio.

They will meet in a television (ABC, 9 p.m., EST) 10-rounder at War Memorial Auditorium.

It's a big opportunity but a formidable hurdle for the 5-7 Mexican. Moore, 23, a squat 5-3, boxer-puncher, right now faces with the best in the 126-pound division.

Davey vaulted to No. 6 among the contenders when he gave classy Isidro Martinez of Panama a trimming at Washington, July 5. That was Moore's third straight victory and made his record 25-1. He has scored 12 knockouts and has never been stopped.

Quijano, a pro since he was 15, has won six straight. His record is 61-10-7 including 18 kayos. He has been halted once.

DETROIT PLAYS BROWNS TONIGHT

DETROIT (AP)—If the Detroit Lions can generate as much excitement on the field as they have off the field, their 1957 season should get off to a whopping start tonight when they meet the Cleveland Browns in an exhibition contest at Briggs Stadium.

The Lions, who made the most remarkable comeback in National Football League history last season only to get blasted out of the Western Conference championship on the final day of the regular season, will be making their debut under new head coach George Wilson.

The veteran Lion assistant was named yesterday to succeed Raymond J. (Buddy) Parker, who resigned suddenly Monday night. He takes over a veteran club with enough promising youngsters to make it one of the early favorites in the Western Conference race.

The Lions compiled a 9-3 record last season, succumbing to the Chicago Bears in the game to decide the division title. The year before the team had experienced its worst season since 1948, losing all but 3 of 12 decisions.

The Browns—again minus quarterback Otto Graham and in the process of rebuilding all the way around—won five and lost seven last year for their worst showing since they got into the National League in 1950.

HAS BAD YEAR; CAN'T FORGET IT

CLEVELAND (AP)—For Bob Lemon the 1957 season is over, and it's one he won't forget for a long time.

In seven of the last nine seasons the Cleveland right-hander has been a 20-game winner. But this year he has won six, lost 11, and finished two of his 17 starts. His earned run average is 4.59.

Last night Dr. Don Kelly, team physician for the Indians, gave the pitcher the bad news. There are bone chips in his elbow, and "elbow operations are seldom successful in cases like this," so "about the only thing he can do is rest."

Lemon, 36, is to go home to Long Beach, Calif., and report next spring.

"This is one year I'll never forget," he said. "Everything happened. It all started when my sister died and I was never able to catch up."

Tears Muscle

He missed the last week of spring training because of the sister's death. A month after the season opened his record was 3-4. On May 24, in a game with Chicago, he tore a thigh muscle while fielding a bunt. He went home to Long Beach and when he returned to action it was June 13.

About that time the elbow began bothering him. He went to a specialist, who advised a dental examination. Two teeth were pulled. The elbow did not improve. Several weeks ago X-rays showed the chips.

The pitcher's trip to the West Coast will be delayed. His son, Jimmy, 6, has the mumps. He has two other sons—Jeff, 9, and Jerry, 4.

"If the others get the mumps too," said Lemon, "we could be here for the rest of the season."

ARGUMENT COSTLY

ELLWOOD CITY, Pa. (AP)—Chuck Brown most likely will never again argue with an umpire and hold onto the baseball without first calling time out.

Chuck, second baseman for Ellwood City Rock's didn't like the umpire's decision yesterday on a close play at second.

While Brown was arguing and holding the ball, Don Schena scored from third for the West Mayfield Vets.

West Mayfield won the game 1-0. The victory gave them the Beaver County championship.

Reports

The Associated Press

WASHINGTON (AP)—Secretary of State Dulles will look like a boob if the verdict of history agrees with the one just rendered by Sen. Fulbright (D-Ark.).

The senator blasted Dulles—in a speech prepared for the Senate today—for his handling of Egyptian President Nasser, who retaliated by seizing the Suez Canal. The seizure of the canal led to last year's Mideast war.

There won't be a final verdict for years: until the documents showing Dulles' policy on Egypt are finally opened to the public. But Fulbright has just examined many of those documents.

The Weak Spot

The weak spot in Fulbright's attack is his failure to show a motive for what Dulles did other than the reasons given already by the secretary and the Eisenhower administration. And Fulbright won't accept those reasons.

Fulbright was chairman of a Senate subcommittee which was created Jan. 29 to study this country's whole Mideast policy since 1945. It collapsed and died July 30 without reaching conclusions or making a report.

This was probably the real reason for the committee's quick end: it was made up of three Democrats and three Republicans and therefore would never reach agreement if it meant condemning Republican Dulles.

All For Condemning

Fulbright, as it turns out, was all for condemning. These were some of the reasons given for folding the committee: too many documents to study and too many secret documents which couldn't be made public to back up conclusions.

This is the brief background: For years Egypt had wanted to build the Aswan dam, which would take the country out of the Middle Ages by developing irrigation and power for industry. The project was found to be sound.

Egypt said it would pay most of the cost but needed outside help. Russia offered the help. So did the United States. It proposed giving Egypt \$4 million dollars on Dec. 16, 1955, and a total of 150 million over 10 years.

On July 19, 1956, Dulles suddenly canceled the American offer. He suggested Egypt couldn't afford such a dam after trying up her resources for arms purchases. This apparently angered Nasser, who quickly seized the Suez Canal.

A Prime Question

Within a few months this led to the British-French-Israeli invasion of Egypt, a temporary split between this country and Britain and France, and anger throughout the Arab world.

The administration gave three reasons for withdrawing its help: Egypt's neighbor on the Nile, where the dam would be built, hadn't agreed to the building; Egypt couldn't afford the dam; and some members of Congress were opposed.

Fulbright said none of these was a valid reason, that actually the administration had begun to reconsider its offer a few weeks after it was made in late 1955. Then what was Dulles' motive? This is a prime question. And Fulbright hasn't answered that. Was it, perhaps, to force a showdown with Russia, which had volunteered to help Egypt build the dam?

Nuclear Test Is
Postponed Again

ATOMIC TEST SITE, Nev. (AP)—The Atomic Energy Commission today postponed a nuclear test slated for 5 a.m.

It was the 16th time the shot has been postponed. The test, code-named "Shasta," is to be fired from a tower. The AEC said it would try again tomorrow.

An unacceptable fallout pattern was blamed for today's postponement.

AFL-CIO WILL
SETTLE UNION
CHARGES SOON

By WILLIAM J. CONWAY

CHICAGO (AP)—The AFL-CIO Executive Council served notice yesterday that it is determined to complete action on charges of "corrupt influences" against the Teamsters before the union's convention next month.

The move against the union of Dave Beck, James R. Hoffa and 1½ million members was taken after the case had dragged on for more than four months without a decision.

Charges that the union was "dominated, controlled or substantially influenced by corrupt influences" were drawn up March 29 after Beck, Teamster president, was accused of misusing about \$400,000 of his organization's funds.

More Hearings

The AFL-CIO Ethical Practices committee arranged to hold final hearings Sept. 5 and 6 in Washington.

AFL-CIO President George Meany said the committee "will conclude the hearings in the Teamsters case irrespective of whether the Teamsters appear." Meany said the Executive Council will receive the committee report Sept. 23 or Sept. 24. Then, he declared, the council will make known its verdict before the Teamsters convene Sept. 30 in Miami Beach.

The council's decision could take the form of recommendations as to what steps, if any, the Teamsters must take to remain in the AFL-CIO.

Defer Action

If the planned timetable is followed, Teamster leaders can make their comments or replies from their convention's speaking platform.

Hoffa, the Midwestern Teamster boss is generally expected to succeed Beck as head of the union.

The council decided to take no action for the time being in a case of Maurice Hucheson, president of the 850,000-member carpenters union.

"We want more information," Meany told newsmen.

Hucheson invoked the Fifth Amendment when he appeared before a Senate committee investigating reports that he and others made a quick profit from the sale of highway rights-of-way land to the state of Indiana.

Meany noted the land deal is still being investigated by a grand jury in Indiana.

PARTY LEADERS
MAP STRATEGY
ON LEGISLATION

By JACK BELL

WASHINGTON (AP)—The Senate's Democratic and Republican leaders laid out a program today for action on half a dozen major measures and adjournment of Congress next week — if the House breaks its civil rights stalemate.

Speaker of the House Sam Rayburn (D-Tex.) already has closed the door to consideration by that body of any new legislation.

Republican Leader Knowland of California said that "leaving aside civil rights, if everything goes well, we should get out of here by a week from Saturday." Democratic Leader Lyndon B. Johnson of Texas indicated he agreed.

Postal Pay Bill

Despite talk of a presidential veto, Johnson said he will bring before the Senate House-passed bills to increase the pay of postal workers and government civil service employees.

He said a compromise immigration measure on which the Senate Judiciary Committee is expected to act today will be brought before the Senate, as will a revised bill to limit the availability of FBI files to defendants in federal court cases.

Johnson said the Senate will act on a bill authorizing appropriations for the Atomic Energy Commission. This measure is involved in a controversy over whether there should be a government program of construction of atomic reactors, a program opposed by the administration and rejected by the House.

Government Indemnity

He also marked for consideration a bill to provide 500 million dollars government indemnity to cover possible damage from the explosion of any atomic reactor.

Johnson and Knowland agreed that the Senate will act finally on a foreign aid appropriation bill and a supplemental money bill to clear up that field.

Knowland said he hopes time can be found to extend the Governmental Reorganization Act for a year, a subject Johnson did not mention. The GOP leader also called for action on pending nominations, including that of Arnold Jones of Kansas to be a director of the Tennessee Valley Authority.

Knowland OK's List

Knowland agreed generally with the list of legislation Johnson laid down. The Republican leader said he doubts the Senate will act on a bill to boost postal rates. The House passed the bill yesterday.

Sen. Humphrey (D-Minn.) told the Senate yesterday he doesn't think Eisenhower would veto the postal pay measure if it is passed. The House approved a \$546 yearly increase for postal workers. It would cost 317 million dollars yearly. The House also voted an 11 per cent increase for civil service employees, costing 530 million dollars yearly. The Senate has not acted on either.

SOCIETY MATRON APOLOGIZES FOR DAVE BECK HOAX

GREENWICH, Conn. (AP)—A Greenwich society matron said Tuesday that reports that Dave Beck Sr. and Dave Beck Jr. were at a party attended by Mrs. Robert F. Kennedy, wife of the chief counsel of the U. S. Senate Rackets Probe Committee, resulted from a prank.

Mrs. Kennedy was at a party at her home Saturday night, Mrs. George Skakel Jr. said, but she didn't mean it when she told a reporter that the Becks were there.

"All I can do is apologize," Mrs. Skakel said. "It was a prank—just a prank. All of my 200 guests were in on it and went along with it."

The senior Beck, Teamsters' Union boss, and his son have invoked the Fifth Amendment repeatedly under questioning by Kennedy and others before the Senate committee investigating rackets in labor and management. One of the committee members is Kennedy's brother, Sen. John F. Kennedy (D-Mass.).

Are Related
Mrs. Robert Kennedy and Mrs. Skakel's husband, a business executive in New York, are brother and sister.

The Beck hoax started about 6 p.m. Saturday when Mrs. Clara Gildemeister, society editor of the Stamford Advocate, telephoned the Skakel home to check reports that a large party was to be held there that evening.

Mrs. Skakel confirmed it, and added "Dave Beck is coming."

The Advocate publishes no Sunday edition, and news of the party did not become public until Monday.

By arrangements between Mrs. Skakel and Mrs. Gildemeister, an Advocate photographer went to party where he took a picture of some of the guests including a couple identified for him as "Mr. and Mrs. Dave Beck Jr."

Pulled Picture
The photographer was unaware that the younger Beck is unmarried, but the Advocate learned shortly before it went to press with Monday's edition that there was some question as to the accuracy of the identification. It pulled back the picture and did not print it.

\$175,000 Expenditure Okayed For Airport

WASHINGTON (AP)—The Civil Aeronautics Administration will spend \$175,000 to improve Black Moshannon Airport in central Pennsylvania.

The CAA said \$150,000 will be spent to increase the length of runways and \$25,000 to install runway lights. The money is being made available from unexpended funds.

Rep. Van Zandt (R-Pa.) was informed today that the work will begin promptly.

ANDREWS SAYS BUDGET SLASH CUT COLLECTION

HARRISBURG (AP)—Rep. H. G. Andrews (D-Cambria) said Tuesday he has information the state's potential in tax collections could have been increased by 100 million dollars had not the 1957 Legislature cut one million from the Revenue Department's budget.

Andrews, former House speaker, said that either Secretary Gerald A. Gleeson, "was wild-eyed in framing his budget or the General Assembly short-changed the department."

"The secretary said it was silly to expect increased revenues and then shoot the tax collector," Andrews said.

Could Hike Take
Gleeson, in appearing before the appropriation committees during the now adjourned 1957 session, said he could collect more than \$60 in taxes for every additional dollar given him for that purpose.

Andrews said his sources of information back the picture and did not print it.

Mr. and Mrs. Patrick Loughran of New York posed for the photographer as the Beck couple, Mrs. Skakel said. She identified Mrs. Loughran as the former Peggy Hague, daughter of the late Frank Hague, longtime Jersey City mayor and Democratic boss of New Jersey.

Mrs. Skakel said the idea for the Beck prank originated with one of her half dozen weekend guests. She said the prankster came from Wilmington, Del., but declined to identify him, or her, by name.

50 PASSENGERS ABOARD LINER ILL WITH FLU

NEW YORK (AP)—A transatlantic liner, with 50 of its passengers stricken with influenza, docked at 8 a.m. Tuesday but disembarkation was delayed pending determination how best to transfer the ailing.

It was not known whether those affected had the Asiatic flu. During the crossing of the Arosa Sky, carrying 847 passengers, of whom 647 are foreign exchange students, about 200 persons were stricken.

On arrival, 22 were reported in the ship hospital and 28 confined to their cabins.

All but two of the cases were among the young students. One first-class passenger and one crew man became ill.

Call Police Detail
Those still ill were described as running temperatures from 100 to 102 degrees.

City and federal health officials and doctors boarded the ship when she dropped anchor at quarantine last night. A large police detail was at the dock to help with disembarkation.

Two hours after the ship docked Stephen Galati, director general of the American Field Service, sponsors of the exchange program, said "as of now it appears that none of the sick students will be hospitalized."

He said about a dozen boys and girls probably would require observation. The boys, he said, would be put up at the AFS headquarters, and the girls at a hotel. Longshoremen, reluctant to work the ship because of the outbreak, were told "there is no menace or contamination" from handling the cargo.

Fire And Blast Wreck Concourse

PHILADELPHIA (AP)—Fire and explosions wrecked a temporary wooden concourse leading from Philadelphia's modern Penn Center development to the Pennsylvania Railroad Suburban Station shortly after 8 a.m. Tuesday.

Thousands of spectators jammed the vicinity at the height of the early morning rush hour in the center of the city. Thick black smoke poured over the area and hampered firemen.

Firemen expressed belief a lighted cigarette may have set fire to the wooden walls.

Traffic was detoured on adjacent Pennsylvania Blvd. and on 15th and 16th streets.

The concourse was designed for easy access of persons going from No. 3 Penn Center plaza into the Suburban Station.

Deer Hunters Fined \$200, Lose Licenses

NEW BLOOMFIELD, Pa. (AP)—Two Mount Union men pleaded guilty Monday to hunting deer out of season and were fined \$200 each.

Fined at a hearing before Justice of the Peace Oren Soule were Terry J. Clevenger, 20, and Donald A. Hughes, 21. They were arrested Saturday night in Horse Valley, western Perry County, and charged with illegally spotlighting and killing a doe out of season. Their hunting licenses were suspended for three years.

"They were unanimous in telling me," he said, "that either through lack of adequate funds for enforcement or failure to organize efficiently collections made by the department, it will fall 100 million dollars below the potential amount available if the department were financially equipped to do a good job and able to recruit efficient personnel."

Queen Elizabeth Will Skip Racing Classic

LONDON (AP)—Queen Elizabeth II has decided to pass up this year's running of the classic St. Leger 3-year-old race at Doncaster.

A. E. Cammidge, chairman of the Doncaster Race Committee, said however, he did not believe the decision resulted from recent criticism of the royal court by Lord Altrincham, 33-year-old magazine editor. Among other things, Altrincham accused the Queen of spending too much time at the races.

The Queen attended the St. Leger in 1952, 1953, 1955 and 1956, but she had a horse running each time.

This year she has no entry. A Buckingham Palace spokesman said there was "no particular reason" why the Queen decided not to go.

Mansion Seized For Old Debt

LONDON (AP)—The British Treasury announced Tuesday it was taking over eight major works of art and a 16th century mansion in settlement of a \$3,360,000 debt on death duties owed by the Duke of Devonshire.

The art treasure includes works of Holbein, Van Dyck, Claude Lorraine and Rembrandt. Art circles here said the government's decision to take over the treas-

The 55-year-old 10th Duke of Devonshire died in 1950.

day Egyptian army intelligence kidnaped him. He withdrew a confession he said he was forced to make.

The defendant is Abdel Hamid Islambouli, an employee in the Ministry of National Guidance and one of the five civilians accused. He said the confession introduced by the prosecution in the indictment was made under "severe oppression and threats."

Islambouli's confession had been one of the main bases for the prosecution's case against the 13 accused of conspiring to assassinate Nasser and his Cabinet and overthrow the regime.

Escaped Prisoner Captured In N. J.

CARLISLE, Pa. (AP)—Sheriff Clyde Fisher Tuesday reported the arrest of one prisoner who escaped Saturday night from the Cumberland County jail and said search was continuing for his companion.

Fisher said that Juan Batista Rivera, 23, a migrant farm laborer was picked up by police at Vineland, N.J. His companion, Mario Figueroa, 24, also a migrant farm laborer, is still at large.

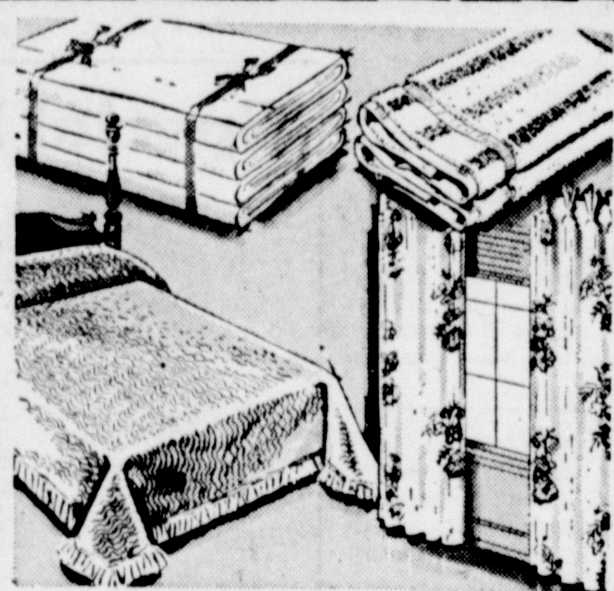

Fisher said the two were found missing on a Sunday check of prisoners. He said they used a file to loosen bricks in the prison wall and crawled through the hole.

GOVERNMENT TO CLEAR NEWSMEN FOR RED CHINA

By JOHN M. HIGHTOWER
WASHINGTON (AP)—The Eisenhower administration is expected to clear some American newsmen to go to the Chinese mainland later this year despite the asserted existence of a "quasi state of war" with Red China.

The phrase was used in a letter by Undersecretary of State Christian A. Herter to American youths in Moscow who have been talking about traveling to the Chinese Communist capital of Peking.

Officials said that it was not intended to suggest any hardening of the already firm policy of maximum boycott which the United States has toward Chinese Communism. One authority said it was simply "the most apt description of the situation that exists."

Raises Question
Herter's letter raised a question about what the administration intends to do about the problem of newsmen going to Red China. State Department officials advised against confusing that issue with the government's opposition to a Red Chinese trip by the Americans who have been attending a Moscow youth festival.

The specific distinction made by these officials was that newsmen would be able to report to the American people on conditions in Red China.

The Herter letter to the Americans in Moscow declared that under American policy U.S. citizens are forbidden to travel "to the areas of China under Communist control" for many reasons.

The reasons "include the non-recognition of the regime; the ex-

Doubt Lethal Shell Was From Ft. Bragg

FT. BRAGG, N.C. (AP)—Army officials are still uncertain the shell that killed four boys near York, Pa., Saturday came from this post. But yesterday they identified the shell as a 3.5 inch high explosive anti-tank rocket. This type shell normally carries 1½ to 2 pounds of explosives.

The four boys, two pairs of brothers ranging from 9 to 13, were buried yesterday. An older brother of two of the victims is stationed here and was visited by the family.

Suspect Relatives
Pvt. Donald Weaver, 20, the older brother, has told authorities he believes the shell and two others were taken to York July 7 when relatives visited him.

An Army inspection team flew to York Monday for an on-the-spot investigation.

Col. A. D. Simons, Ft. Bragg information chief, said that no records have been found to show the shells were issued at Ft. Bragg.

Hold Rites For One-Armed Officer
DUNCANNON, Pa. (AP)—Funeral services will be held Friday for Harry L. Fritz, 67, Duncannon's one-armed police chief.

Fritz died yesterday at his home after a short illness. He began his law enforcement career as a constable in this Perry County community in the early 1920s and was named chief in 1934. He served in

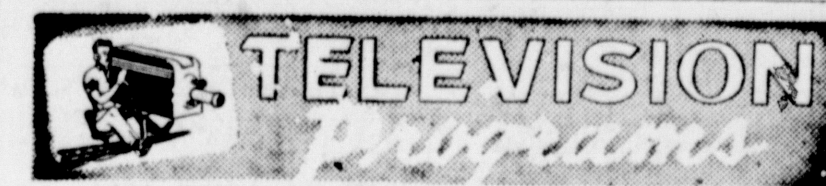

istence of a quasi state of war and the continued application of the Trading With the Enemy Act; the refusal of Communist China to renounce the use of force; and the illegal jailing of Americans already in China despite promises to let them out."

FOREIGN AID FACES NEW CUT

WASHINGTON (AP)—President Eisenhower's foreign aid program seemed likely today to get a new

that capacity continuously except for six years in the lumber business.

Fritz lost his left arm in a fall while doing carpenter work in 1919. Two years ago, while working on a boat, he lost two fingers of his remaining hand.

MOSCOW (AP)—The official Soviet Communist newspaper Pravda Tuesday linked Soviet-Syrian friendship with a charge that "imperialists are dropping new bombs on Arab peoples."

The newspaper's editorial said the U.S.S.R. aids Syria without any side interest in "the smell of oil," but that "aggressive imperialist forces are interfering in the internal affairs of countries of the Middle East and attempting to cover up their interference with shouts that communism threatens." The reference to bombs apparently meant the British action against rebels in Oman.
